Another way to make 10

1 and 9; 5 and 5. Can you find two other numbers that make 10?

What comes next?

Find the repeating group. Draw what comes next.

1. Add 3

Example 

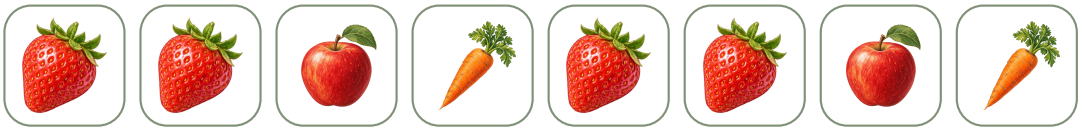

Next

2. Add 5

Example 

Next

3. Add 8

Example 

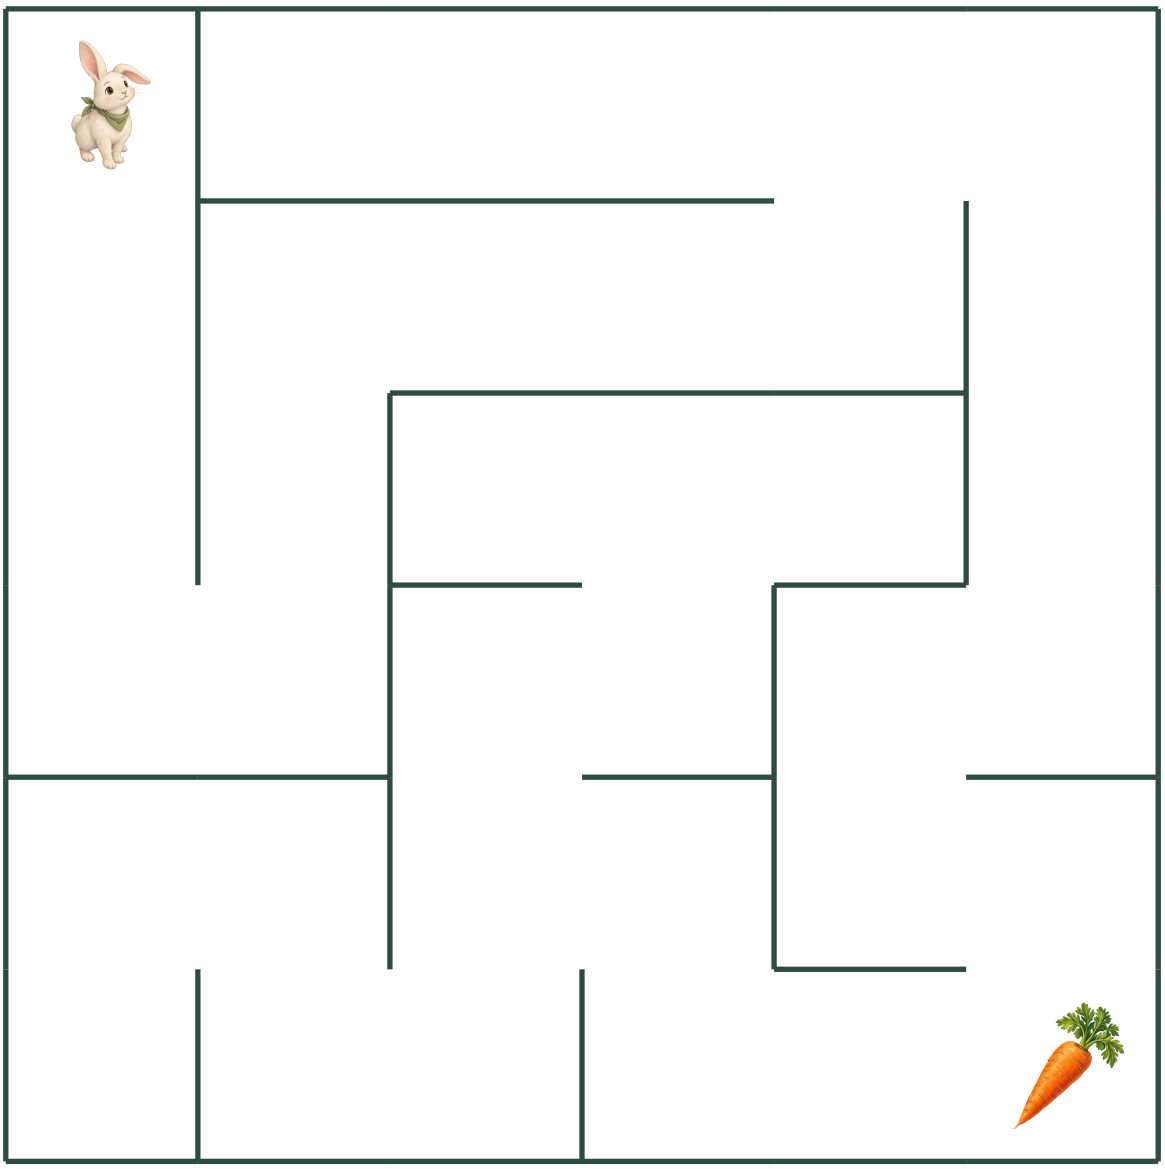

Next

Prefer movable pieces? Draw apples, carrots and strawberries on separate paper squares.

Bunny’s paper maze

Follow the paths from Bunny to the carrot without crossing a wall.

START

GOAL

Finger first, pencil next

At a dead end, return to the last junction. This paper maze has no key or bridge.

Picture and word tiles

Arrange the tiles to match the example. A grown-up handles cutting.

CAT

T A C

DOG

G O D

BEAR

R A E B

Cut the lower tiles and place them in the empty boxes, or write the letters without cutting. Try again with the example covered if you wish.

Things we notice

Look closely at a creature or toy you like, then draw it.

1. What I notice first

2. Look at the same thing again

Colour? _____

Shape? _____

Movement? _____

The two drawings can be different

Enjoy a detail you noticed rather than guessing a name. You can observe a creature without touching it.

Grown-ups: answers on page 6

Answers & ideas for grown-ups

Use answers to check together. There is no need to finish every page at once.

1. Basket sums

1 + 2 = 3 3 + 2 = 5 4 + 4 = 8 5 + 5 = 10

Other pairs for 10: 2 and 8, 3 and 7, 4 and 6. Prices are pretend-play numbers.

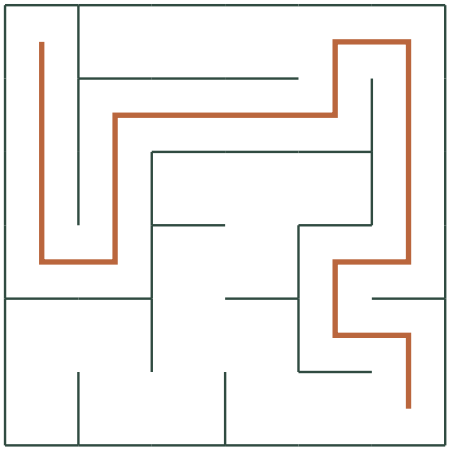

2. The next pictures

1. 

2. 

3. 

3. Maze route

4. Words

CAT / DOG / BEAR

5. Things we notice

There is no fixed answer. Compare the colour, shape or movement noticed in the two drawings.

What would you like to try next?

Try paper coins, a pattern with nearby objects or a game collection for observation. Swap who chooses and who helps.

Print for home or shared play with children. Keep the site credit on copies. A grown-up handles scissors. These activities do not promise particular learning outcomes.
